Largest ever vessel on our AE12 string

# Maersk Karlskrona

visits the Adriatic

#### Dear customers,

We are pleased to present **Maersk Karlskrona** – the largest ever vessel sailing on our Far East – Mediterranean string (AE12).

In recent weeks, Maersk Line has witnessed increased bookings on our string to the Mediterranean. We observed this with great pleasure, as it is a proof of the continuous and growing interest of customers in our service. With this in mind, and in order to accommodate additional volumes, we have decided to replace the call of Maersk Kuantan with the larger vessel Maersk Karlskrona.

As result of this, additional 1000 TEUs were added to the total capacity offered. The vessel departed from Asia in mid-March and will arrive fully loaded to Trieste, Koper and Rijeka on April 7<sup>th</sup>, 9<sup>th</sup> and 11<sup>th</sup> respectively. Maersk Karlskrona will therefore be the largest container vessel to have ever arrived to these ports.

operator: Maersk Line completion year: 1996

shipyard: Odense Steel Shipyard AS, Denmark

overall length (m): 318,2 overall beam (m): 42,8

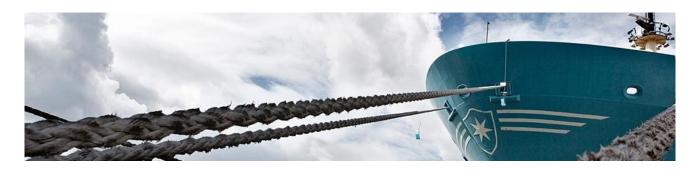

maximum draught (m): 14

maximum TEU capacity: 7908

container capacity at 14t (TEU): 6000

reefer containers (TEU): 703 deadweight (ton): 84.900 gross tonnage (ton): 81.488

We are pleased to observe larger volumes carried on our AE12 service in spite of the recent rate adjustments. As we previously informed, we needed to amend the rates on the Asia-Europe trade lane as their previous levels were no longer sustainable.

The rate adjustments allow us to continue to provide our customers with premium products and highest level of service, to which we have always been committed. The interest in our product to the Adriatic, shown by our customers, and reflected in increased volumes they chose to ship with us, is an indicator that customers appreciate the quality of the service and acknowledge the benefits it brings to them.

We would like to **thank you**, our dear customers, for choosing Maersk Line as your carrier. Your trust is a commitment for us to continue raising the bar even higher and to offer you the products and service that responds to your needs.

# What does our service mean to you? A product tailor-made to your needs Your cargo moved on time and more comfortable With smaller environmental footprint

For more information on our direct service to Koper, please contact your local Maersk Line representative.
