# Reefer Logistics

One cold chain service. No weak links.

MAERSK LINE

## Reefer Logistics

With Maersk Line's reefer logistics service your cargo travels all the way in an unbroken cold chain, from its point of origin to its final destination. Our experts take care of everything from consolidation and trucking to documentation and storage to give you streamlined and reliable service every step of the way.

Take advantage of Maersk Line's well-established global shipping network as well as our logistics expertise and reefer capabilities to get shipshape arrivals with a minimum amount of effort on your part. Our door-to-door service gives you the convenience as well as the time- and money-saving advantages of using a single vendor. In our hands the customer remains in control: End-to-end visibility lets you keep tabs on your cargo throughout the entire process. Easy tracking of departures, arrivals, and documentation allows you to focus more on your other business demands. Clear cold chain visibility means less work and more control.

**Our reefer logistics package includes:**

- Carrier management services that allow you to work with a single point of contact to coordinate booking, equipment, and scheduling
- In house forwarding/customs brokerage covering all documentation needs at origin and destination
- Trucking services available at both origin and destination, facilitating door-to-door delivery while under the care of Maersk Line
- Integrated information overview of the supply chain from field to shelf via Maersk Logistics' Spective system, which supports critical management decisions
- Purchase order management and pre-advice ensures that perishable products are put on the water when desired
- Established customer specific Standard Operating Procedures (SOPs) to ensure your cargo is handled the right way every time through our global network of offices located in over 125 countries
- Cold storage and inland distribution solutions at major reefer destination points
- Extension of Maersk Line's reefer handling expertise beyond traditional port-to-port service

Visit maerskline.com to discover a transport solution that meets your needs.

## Doing business with us

We understand there is more to transportation than moving your product from port to port. Our integrated approach to landside and ocean transport saves your business time and money.

**Maersk Line provides:**

- The best possible solution based on an in-depth understanding of your business processes
- Global reach and accessibility to your markets through a single point of contact
- Local offices and insight to ensure safe, effective cargo handling – at origin and destination
- Consistent, high-quality service focused on meeting your expectations and your deadlines
