

Week 47

Australia Sailing Schedule - Export

The new sailing schedule format has been developed to accommodate the new services that will be offered by Maersk Line, and has been designed on the basis of services for ease of understanding and booking purposes. They follow an improved format where the tabs found along the bottom of each page represent each new service.

Please note :

Dates and times for arrivals and departures are estimates, given without guarantee and subject to change without prior notice.

A brief summary of each of the services follows:

AU1	North Asia Service
AU2	East Asia Service
AU3	South East Asia / Rest of World Service
Boomerang Service	North East and South East Asia / Rest of the World Service
NZ1	(Brisbane) South East Asia / Rest of World Service
OC1	US East Coast / America's Service
OC2	Trans Tasman Southern Service
VSA - PSW/PNW	US West Coast Service (PSW and PNW)

How to use the new schedules:

This Sailing Schedule contains Macro's therefore Microsoft excel will have to be set at the correct security level in order for these to operate

On several pages, drop down boxes as shown below, are available to select a discharge country and discharge port in order to calculate the relevant arrival date.

If a cell in a schedule is blank this means that the port relating to this date is being omitted

Additional Information

While using the new schedules, if a destination port returns a transit time with value: "TBA" this means that upon time of creation the transit time was not available.

The list of unavailable ports is constantly being reviewed and closer to the cutover should be reduced to none.

If you have any further queries at this early stage, please contact your local Maersk Australia office on:

Adelaide:	(08) 8447 3400
Brisbane:	(07) 3026 0111
Melbourne:	(03) 9944 2222
Sydney:	(02) 9696 9666
Fremantle:	(08) 9433 9100

Dates and times for arrivals and departures are estimates, given without guarantee and subject to change without prior notice.
