New from Maersk … ME1

Direct service from Europe to Aqaba…
&
Direct service from Aqaba to Arabian Gulf and India…

Dear Valued Customers,

We are pleased to announce launching our direct ME1 service into Aqaba port, Jordan. The new service will be the ***FIRST*** and only ***DIRECT*** product available in the market connecting the imports from various European base ports into Jordan and Iraqi markets through Aqaba port, and also connecting the export from Aqaba port to Arabian Gulf countries and India with the fastest transit possible.

With this product Maersk Line strengthens their presence in the region providing the ***FASTEST, WEEKLY and DIRECT*** product from Europe to Middle East. This we believe would not only offer our customers a reliable service but will also get their cargo from Europe faster.

The first vessel "Maersk Kimi" departs from Europe on the third week of April and scheduled to arrive Aqaba port on the first week of May 2010.

The vessels routing and transit time would be as follow:

Import from Europe			Export from Aqaba
